RIVER DEEP FOUNDATION www.riverdeepfoundation.org

Daily life for **military veterans and other individuals with a debilitating injury or trauma** can be stressful and isolating, leading to depression, anxiety, hopelessness, despair and, in too many cases, suicide. **River Deep organizes and implements recreational outings**—often in the outdoors—that provide a priceless day of peace, relaxation, camaraderie and fun in a safe, supportive environment. These **outings are shown to have a therapeutic effect and facilitate the healing process**, greatly improving one's outlook and willingness to reengage in life. The River Deep Foundation **organizes and funds the logistics of these group outings**.

Outings include activities like fishing, hunting, archery, fencing, art classes and cooking classes. Many are instructional in nature and can be enjoyed equally by novices and experienced individuals alike. They are dedicated to providing the highest quality experiences possible and they work diligently to tailor design events that specifically target the physical, social and emotional needs of participants. In 2019 River Deep provided 65 events to 1501 participants.

The River Deep Foundation programs were started nearly 20 years ago by industry member Bob Adwar of Marble Tec Systems.

Please help us support the efforts to improve the lives of our veterans and others suffering from Traumatic Brain Injuries (TBIs), Spinal Cord Injuries, PTSD and other physical and psychological trauma. For more info visit www.riverdeepfoundation.org.
